ESTIMATE & INSTALLATION
AGREEMENT

Prepared October 24, 2026 · Valid 30 days

PREPARED FOR

Mr. and Mrs. Smith

PROPERTY

123 Example Street, Anytown, FL 00000

WHY THIS SYSTEM IS DIFFERENT

Our Roofline system runs on a premium 24-volt, plug-and-play architecture controlled over both **Bluetooth and WiFi**, one complete ecosystem and one app for every light on the property. There is no splicing and no hard wiring on the job. Most competing systems splice wiring hundreds of times, which turns into a troubleshooting nightmare and ongoing maintenance for you. Ours is built to avoid all of that from day one.

01 ITEMIZED PRICING

#	DESCRIPTION	QTY / RATE	PRICE
